Welcome to Barb's Centre for Dance 2017-2018 dance season at our Green Bay and Fox Valley locations.

We are excited as we begin our 33rd year in Green Bay and our 5th year in the Fox Valley. At BCFD we are two locations but one studio, one family and one love; dance! We have one program guide covering both locations - when selecting classes, be sure they correspond with the location you choose to attend. Our goal at BCFD remains to provide the most comprehensive dance education available for students of all ages and skill-levels.

The fall/spring session begins Monday, September 11th at both locations. Please follow the information provided to register for classes. Also, visit our website at [barbsdance.com](http://barbsdance.com) for online registration and additional studio information.

Inside our program guide you will find the following:

### Tap and Pre- Ballet (3-5 years)

This combination class offers the benefit of both tap and ballet in one. The focus in this class is to introduce the basic steps of dance through creative movement and imagery. As they progress in age, they will continue to build upon and strengthen the fundamentals of dance through proper vocabulary. Class includes 30 minutes of tap and 30 minutes of pre-ballet.

### Hippy Hop

Hip Hop for the young dancer, this class is great for getting the wiggles out while teaching body basics used in hip hop in a fun, engaging setting. Simple choreography and big movements help little ones gain mastery of material. Super fun while burning tons of energy!

### Hip Hop

This style of dance adds diversity to a student's training. The focus of this athletic and energetic dance class is to use isolations and free-style movement set to popular age appropriate music.

### Conditioning and Flexibility & Leaps and Turns

This class is recommended for any dancer who wants to improve their technical skills while building the proper strength and flexibility. The focus of this class is aimed at strengthening specific muscle groups while incorporating full body stretches to increase flexibility and range of motion. Instructors provide a breakdown and extra help in achieving leaps and turn progressions used in all styles of dance! \*Non-performance class.

### Ballet

These classes are an important aspect of dance training as it feeds into all other dance styles such as jazz, lyrical, modern and hip hop. Ballet puts great emphasis on the method and execution of movement, focusing on alignment, turnout, poise, and self discipline

## Classical Ballet Intensive Program

### Offered in Green Bay Only

**Our classical Ballet Intensive Program** is designed for the serious dance student who wishes to achieve total body awareness and connection using a blend of the Vaganova and Cecchetti methods of Ballet. It is through the medley of these methods that our students will learn to be clean, precise, yet soft while also practicing the connection of the entire body to develop graceful lines. All this is done while paying extra attention to the anatomy of the individual's body. Training in both methods helps our intensive students reach a better understanding of the classical ballet world. This program is audition based.

To register for the Ballet Intensive Program, you must be a continuing Ballet Intensive Program student.
